

This site plan shows a school building with two classrooms, a playground, and a parking lot. The building is oriented horizontally. The top classroom contains a large rectangular table and several chairs. The bottom classroom contains a large rectangular table and several chairs. The playground is located to the left of the building, featuring a large circular area with a tree and a smaller circular area with a tree. The parking lot is located to the right of the building, with several parking spaces marked. The site is bounded by a red dashed line on the top and right sides, and a red solid line on the bottom side. A north arrow is located in the top right corner.

This site plan shows a school building with two classrooms, a playground, and a parking lot. The building is a long, rectangular structure with a central corridor and two classrooms on either side. The classrooms are labeled 'CLASSROOM' and 'CLASSROOM'. The playground is located to the right of the building and features a large rectangular area with a grid pattern, surrounded by a low wall. There are several trees and bushes in the playground area. The parking lot is located to the left of the building and contains several parking spaces, some of which are occupied by cars. The entire site is enclosed by a red dashed line, and there are various landscaping elements like trees and bushes throughout the plan.

This site plan shows a school building with two classrooms, a playground, and a parking lot. The building is a long, rectangular structure with a central corridor and two classrooms on either side. The classrooms are labeled 'CLASSROOM' and 'CLASSROOM'. The playground is located to the right of the building and contains a large rectangular area with a grid pattern, a circular area with a spiral pattern, and a rectangular area with a grid pattern. The parking lot is located to the left of the building and contains several parking spaces. The site is bounded by a red dashed line. The number '9' is in the top left corner.
